Jan Fader here brings you at least one version of the news. A blank newsletter screen is to Jan as a waving red rag is to a bull. (that, per Marshall)

Please give Jan Fader your newsletter input at bfjm@woh.rr.com

An Update on the Dayton Carvers Guild

From Barb Belcher

We hope you are all staying safe and well. The coronavirus pandemic has created such an uproar that we need to bring you up to date with the Club.

The March meeting was canceled and one of the items on the agenda was election of officers. The officers for the previous year agreed to stay on for the upcoming year –

President	Terry Borger - (937) 256-9674
Vice President	Ken Williams – (937) 372-2918
Secretary/Treasurer	Barb Belcher – (937) 845-0346

While no re-election was done, we hope everyone is okay with this decision.

Also, annual membership dues were due on or before March 31. Most have paid, some have not. A new updated Club Roster is prepared as of May 15, 2020.

The April and May meetings were canceled because URS was shut down for a while and then allowed to permit a limited number of their clients to return for services. I received a message from United Rehabilitation Services that URS will not be able to host Dayton Carvers Guild meetings for a while longer and I will be updated when we can come back to their facility. I was told to let everyone in the group know that URS says hello and they look forward to seeing us as soon as it is safe.

Don Worley received a call from URS that we will be unable to meet there for at least the next two months. Therefore, the June 23 and July 28 meetings will be canceled and hopefully we'll be able to return in August, depending upon what develops.

The International Woodcarvers Congress competition and classes in Iowa scheduled for June has been canceled so we will not be taking any carvings out for you to enter in the competition this year.

The Eastern Woodland Carvers show in Converse, Indiana, scheduled for July 18-19, has been canceled as has the Caricature Carvers of America competition and classes in Converse which was scheduled for August.
